LETTER FROM THE PRESIDENT

Dear new METU students,

Welcome to the Middle East Technical University. I would like to congratulate you for becoming a member of the great METU Family consisting of students, staff and over 100,000 alumni all over the world.

Your affiliation with METU will surely be a source of pride and confidence in each and every phase of your life. This will also provide you with the strength and determination to overcome the toughest challenges in the future. Yet, attaining this privilege, as you might imagine, requires a great deal of hard work and self-sacrifice. We believe that we can accomplish this by working together. As the staff of the METU Northern Cyprus Campus, we are dedicated to provide you with the METU’s education and training experience of more than fifty years in a very convenient university campus setting. To this end, METU Northern Cyprus Campus will welcome you with its state-of-the-art infrastructure, and degree programs and faculty members meeting the standards of the Ankara Campus. In return, you are expected to make the best of all those facilities and opportunities with a sense of responsibility towards yourself and your families.

Dear students,

You are at a crucial turning-point in your lives. Most probably, until today you have lived with your families who have catered for most of your daily needs. You will now be shouldering your responsibilities on your own, and this will probably mark a passage into the "real life". Here, you will begin to learn to live as self-sufficient individuals, which, we believe, is one of the assets of university education. Throughout your campus life, extracurricular activities will have a great impact on your social development. We suggest that you devote time, in a balanced combination, both to the academic work and social, cultural and sports activities, and integrate with the reach cultural environment around you. We, as the staff of METU Northern Cyprus Campus, will be right beside you in all difficulties you might face.

I look forward to seeing you as METU graduates after a joyful and fruitful student life here on our Campus.
Orientation Leaders are senior METU NCC students who are experienced student volunteers selected to assist you during the orientation program and in your first year at METU NCC. These senior-students will help you find answers to your questions about campus life. Before you arrive you can direct your questions via e-mail to your orientation leader. All applications are scored in line with the criteria specified by the Executive Board of Dormitories, and based on the scoring scheme; students eligible for residency are placed according to their dorm and room preferences.

METU NCC Dormitories are run and supervised in line with the rules specified in the document entitled “Directive of Regulations for Dormitories”. It is recommended that students read the related document or the handout that is given to all students during registration. Students must be in the dormitory by 01:00am Sunday through Friday and 02:00am at the weekends (Friday and Saturday nights).
